Modern Player Marauder Upgrade Gives You 76 Pickup Tones

Detroit, Michigan, August 8, 2012

A new upgrade has just been released for the Fender Modern Player Marauder instrument. It contains **AweSome Musical Instruments Pickup Switch Upgrade™** product to instantly gives you 1,520 percent *more pickup tones* on your instrument (that's Not a misprint!) and help you find your *killer Signature Sound*.

This upgrade is for a standard Modern Player Marauder guitar. It is a 3-ply white pearloid pickguard and includes a specially designed T4-Switch. You just connect your pickup wires to the terminal strip and "drop it in" with no soldering needed.

Installing this product elevates your Modern Player Marauder guitar to an entirely new level to let you emulate a huge number of well-known, famous guitar sounds. It also reduces the need to change instruments for a particular sound or style.

AweSome Musical Instruments is company based in the Detroit, MI suburb. They have a growing family of *High Performance* patented **Pickup Switch Upgrade™** products. These products are proudly made in the U.S.A. and are designed to give you more Pure Analog pickup tones than anything.

"We are known for creating several dozen of the best pickup tones in the world. You could be known for using them."
