## New Peavey Raptor PLUS Upgrade Now Gives You 76 Pickup Tones

Detroit, Michigan, March 22, 2013

Just released – A *simple-to-install* upgrade for your Peavey Raptor PLUS guitar transforms this low-end entry level instrument into a *Tone Tyrannosaurus Dream Machine*. This upgrade is now available from **AweSome Musical Instruments**. It contains their T4-Switch to give you **76 pickup tones**, over fifteen times MORE pickup tones than your stock instrument's anemic 5 pickup tones. This unique upgrade now joins their growing family of *high performance* patented **Pickup Switch Upgrade™** products.

Your upgraded instrument will **sound like almost every electric guitar ever made**. Now you can duplicate the signature sounds of every famous guitar god to give you a huge edge in the crowded music market.

This upgrade product will fit a Peavey Raptor PLUS instrument or similar body. This product is fully wired and designed to quickly install using your pickups with no body routing or soldering needed. The stock bridge 2-wire humbucker pickup must be replaced with a suitable 4-wire humbucker pickup.

**AweSome Musical Instruments** now has over 50 products that are part of their relentlessly growing family of *high performance* patented **Pickup Switch Upgrade™** products. These products can be used in almost 200 Fender electric guitar and bass models and most all other manufacturers' instruments. These products are proudly made in the U.S.A. No other passive product can give you more Pure Analog pickup tones.
